Subject: ASME Certificate of Accreditation for ESAB SeAH Corp. (101332)
Certificates: QSC-683, Exp. 2/24/2024

Dear Mrs. Kim:

This letter is to serve as an extension of the expiration date for the subject Certificates for which the current expiration date is February 24, 2024.

Since the issuance of the renewed Certificate is on hold due to administrative processing, this extension will allow sufficient time for the certificate issuance process to be completed. Therefore, this extension will expire on April 5, 2024 or upon the issuance of the renewed Certificate, whichever comes first.

If you have any further questions, please contact this office or email ca@asme.org.

Sincerely,

Andy Ruan, Secretary,
Committee on Nuclear Certification
